

**ACROSS**

1. Some examples of \_\_\_\_\_ are invertebrates such as oyster, clams and mussels

5. In the fishery business, a bycatch \_\_\_\_\_ device is a tool designed to minimize unintended capture (or bycatch) of marine animals, thus reducing the adverse effects of fishing on the ecosystem

6. \_\_\_\_\_ is the unwanted fish and other marine creatures trapped by commercial fishing nets during fishing for a different species.

7. \_\_\_\_\_ is a method of fishing that involves actively dragging or pulling a trawl through the water behind one or more trawlers

10. The fishing association can lobby for a better deal or \_\_\_\_\_ for the sale of fish to vendors

11. The marine \_\_\_\_\_ can be adversely impacted when bycatch and other marine animals are discarded in the sea and often die

13 An important \_\_\_\_\_ of fishing associations is to improve the economic opportunities for fishing communities

14 Bycatch occurs when marine organisms are incidentally caught in \_\_\_\_\_ (e.g., hooked, entangled, or trapped) or when they eat bait or catch

15 \_\_\_\_\_ fishing consists of various small-scale, low-technology, low-capital, fishing practices undertaken by individual fishing households.

16 Bycatch of non-target fish can contribute to \_\_\_\_\_ and slow efforts to rebuild fish stocks

**DOWN**

1) Fishing practices can be made more \_\_\_\_\_ by addressing bycatch

2) While fishing associations are not part of the industry's formal governance structure, they do offer fishers a platform to discuss issues impacting their \_\_\_\_\_

3) Oysters, clams and mussels are examples of aquatic \_\_\_\_\_

4) \_\_\_\_\_ meet with fishers or members of the fishing associations to discuss issues affecting livelihoods - overfishing, depleting fish stocks and price on sale of fish

8 In Trinidad, most of trawling (commercial fishers use a large, cone-shaped net to drag the bottom of the seafloor or to pull the net through the sea at a deep level) takes place in the \_\_\_\_\_

9 **Fishing associations** are \_\_\_\_\_ to the growth of the fishing sector in Trinidad and Tobago

12 Building \_\_\_\_\_ through education is a primary function of fishing associations
